

Our Name is Our promise

Cleaning, staining, sanding, and restaining treated wood can cost you a lot more than time. \$350-\$500 average yearly maintenance cost with wood decks.

"they looked like real wood"

Lavonia, GA	706-356-4300
Athens, GA	706-543-4363
Milledgeville, GA	478-453-3487

See the Difference

WeatherBest decking is the right choice, no matter how you imagine your deck. WeatherBest decking is always straight and true, never twisted or crooked. It cuts, drills and installs like wood, can go around radius curves and is resistant to warping, splitting and splintering. No matter which WeatherBest product is used, all our decking:

- Resists termites, rot, decay, splintering and checking
- Is never twisted or crooked
- Has an attractive woodgrain finish
- Never requires painting, sealing or staining
- Cuts, drills and installs like treated wood
- Is backed by a strong 10-year limited warranty
- 5/4 x 6 and comes in lengths of 8,10, 12, 16 and 20 feet.

Easy to mistake for real wood, [WeatherBest Select](#) and [WeatherBest Premium](#) composite decking are available in comprehensive decking packages, including corresponding railing and fascia. Each package offers all the convenience of WeatherBest composite decking: no staining, no painting, no sealing.
